

You are cordially invited to

STANDING ON THE PROMISES

The dedication of the new American Heritage High School building and campus

Please join us for this very special building dedication program, “Standing on the Promises,” as we honor our past, look to our future, and celebrate a unique mission focused on educating hearts and minds for latter-day families. Made possible by significant sacrifices and support of our school community, the new high school building, arena, and outdoor athletic facilities are part of a 30-acre, \$30 million campus expansion designed to promote the school’s core values of Christian character, transformational scholarship, and responsible liberty.

Wed., Apr. 10, 2019, 12:30–1:30 p.m. | Patriots Arena, American Heritage High School Building, 736 N. 1100 E., American Fork, Utah
